

poison pill amendments, and then we must pass Shays-Meehan.

Mr. SMITH of Michigan. Mr. Chairman, let's concentrate on constituent interests, not special interests.

As the great political reporter Theodore White wrote, "the flood of money that gushes into politics today is a pollution of democracy." I haven't accepted PAC contributions since I first ran for the Michigan state senate in 1982. Although I knew I would always vote the way I felt was right regardless of who donated to my campaign, I also knew that it was equally important that my constituents had no doubts about how much PAC lobbyists might be influencing my decisions.

I have reintroduced my bill from the 105th Congress, the PAC Limitation Act, which would do the following:

Ban PACs from donating to individual Congressional campaigns.

Require that Congressional candidates raise 50% or more of their contributions from individual donors who reside within their district.

Limit how much and how often individuals can make soft money contributions to political party organizations.

Require that TV, radio and cable stations report the placement of issue ads so that there will be full disclosure.

Require labor organizations to obtain the written permission of members before using any dues or fees for political purposes.

Special interests with their organized lobbying and their millions of dollars of PAC persuasion money have gained undue influence in Congress. It is time to start dismantling that influence.

This legislation moves the process ahead.

Mr. WU. Mr. Chairman, I rise today to help restore the trust of the American people. I am a cosponsor of H.R. 417, the Bipartisan Campaign Finance Reform Act, and urge my colleagues to pass this legislation today. I also urge my colleagues to reject any and all poison pill amendments intended to destroy the underlying bill.

As a first-time candidate for public office, I saw from a private citizen's perspective the need to reform our country's campaign finance system. I believe very strongly in this issue—we need to overhaul the way that campaigns are financed in America. Shortly after coming to Congress, I signed a letter with many of my freshman colleagues urging swift consideration and passage of the Shays-Meehan legislation. There are numerous cracks in our current campaign finance system, many of which create a complex web that ultimately discourage public participation. I believe that Shays-Meehan will help empower the American people and rebuild some of the trust that has been eroded by our campaign finance process.

While it is not perfect, Shays-Meehan takes important steps toward restoring the public's faith in government. It makes a number of serious reforms to bring more sunshine into the process, including banning soft money contributions and imposing restrictions on so-called "issue ads." Moreover, the Shays-Meehan bill will encourage other important and sensible reforms, such as requiring electronic filing of FEC reports and the disclosure of candidate information in campaign advertisements.

Opponents of the Shays-Meehan legislation believe there should be more special interest money in politics, not less. Opponents also

raise objections to individual provisions wholly because they believe parts of H.R. 417 would jeopardize their own individual election or weaken their party. I believe that the time has come to serve the interests of the Americans people, focus on reducing the influence of special interests in our political system, and improve the campaign finance system in our country. Congress belongs to the people.

Unfortunately, in a recent poll, over half of all Americans did not believe Abraham Lincoln's statement that America is a government "of, by, and for the people." Every member of this body should be humbled by this finding, and every member of this body should vote for Shays-Meehan. I urge all my colleagues to vote for the Bipartisan Campaign Finance Reform Act and restore the public trust.

Mr. HORN. Mr. Chairman, in the 1996 presidential campaign, our nation witnessed the most scandalous money chase since the glory days of the big-city bosses and the robber barons. The question we now face is whether we have the will to clean up and toughen our laws or whether we will just accept practices like auctioning off the Lincoln bedroom or allowing foreign governments and corporations to pump money into our political campaigns.

The time for campaign reform is now. I support H.R. 417, the Shays-Meehan legislation for comprehensive reform of our campaign finance laws.

The Shays-Meehan bill bans political parties and Federal officials from raising or spending any so-called "soft" money. Congress thought it had banned "soft money" decades ago. In our democracy, we must not permit unlimited, unregulated contributions directly from corporations, unions or wealthy individuals. If a candidate took soft money today, that candidate would be indicted. But the loophole is that party committees have become giant money laundromats that collect and cleanse this otherwise-illegal money. Our legislation stops this game.

The bill also ends sham issue-ads. These TV ads rip a candidate to shreds and then ask: "Let him know what you think." Since the ad never explicitly says "vote against so-and-so" the current law says these are "educational issue ads" and not campaign ads. That is baloney. These ads are purely political and often the most vicious. They should be forced to abide by the same rules that bind every candidate—full disclosure of all contributions. That is what our bill requires.

This is sound and sensible legislation. Let's pass it. Let's send it to the Senate, which must give it the time and attention it deserves this year. Honest campaigns and elections are the most basic safeguard of a democracy. Every right that we have flows from the right to decide who will govern us. We need to decide now whether our elections will be governed by law or manipulated by loophole.

The CHAIRMAN. All time has expired.

Mr. THOMAS. Mr. Chairman, I ask unanimous consent to review an agreement that we have made about the way we proceed with the amendment in the voting.

The CHAIRMAN. The Chair does not understand the gentleman's statement.

Mr. THOMAS. Mr. Chairman, I ask unanimous consent to speak out of order for 1 minute.

The CHAIRMAN. Is there objection to the request of the gentleman from California?

Mr. MEEHAN. Reserving the right to object, Mr. Chairman, I would ask the gentleman what this is going to be.

Mr. THOMAS. Mr. Chairman, will the gentleman yield?

Mr. MEEHAN. I yield to the gentleman from Massachusetts.

Mr. THOMAS. Mr. Chairman, what I was going to do is inform the House and Members the procedure we are going to be following through the amending process and the substitution process so Members can plan for the rest of the evening.

Mr. MEEHAN. Mr. Chairman, I withdraw my reservation of objection.

The CHAIRMAN. Is there objection to the request of the gentleman from California?

There was no objection.

The CHAIRMAN. The gentleman from California (Mr. THOMAS) is recognized for 1 minute.

Mr. THOMAS. Mr. Chairman, there has been an agreement among us that we are now going into the amendment process to H.R. 417, following general debate. There are 10 amendments. Each is to be considered for 10 minutes.

We have agreed that we will deal with five at a time and then ask for a vote. That would be a 15-minute vote followed by four five-minute votes. Then we would take the second block of five amendments, and then have a vote of 15 and then four 5s. Then we would move through the substitutes. Each of those have 40 minutes, with a vote following each substitute, which would, of course, then require a 15-minute vote for those.

So after five amendments there will be a block of voting, and then at the end of the next five amendments there would be a block of voting.

Mr. Chairman, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. LAHOOD) having assumed the chair, Mr. HOBSON, Chairman of the Committee of the Whole House on the State of the Union, reported that that Committee, having had under consideration the bill (H.R. 417) to amend the Federal Election Campaign Act of 1971 to reform the financing of campaigns for elections for Federal office, and for other purposes, had come to no resolution thereon.

JOINT EXPLANATORY STATEMENT

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 2490), making appropriations for the Treasury Department, the United States Postal

Service, the Executive Office of the President, and certain Independent Agencies, for the fiscal year ending September 30, 2000, and for other purposes, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

The conference agreement on the Treasury and General Government Appropriations Act, 2000, incorporates some of the language and allocations set forth in House Report 106-231 and Senate Report 106-87. The language in these reports should be complied with unless specifically addressed in the accompanying statement of managers.

Senate Amendment: The Senate deleted the entire House bill after the enacting clause and inserted the Senate bill. The conference agreement includes a revised bill.

Throughout the accompanying explanatory statement, the managers refer to the Committee and the Committees on Appropriations. Unless otherwise noted, in both instances, the managers are referring to the House Subcommittee on Treasury, Postal Service, and General Government and the Senate Subcommittee on Treasury and General Government.

REPROGRAMMING AND TRANSFER OF FUNDS GUIDELINES

The conference agreement includes the following reprogramming guidelines which shall be complied with by all agencies funded by the Treasury and General Government Appropriations Act, 2000:

1. Except under extraordinary and emergency situations, the Committees on Appropriations will not consider requests for a reprogramming or a transfer of funds, or use of unobligated balances, which are submitted after the close of the third quarter of the fiscal year, June 30;

2. Clearly stated and detailed documentation presenting justification for the reprogramming, transfer, or use of unobligated balances shall accompany each request;

3. For agencies, departments, or offices receiving appropriations in excess of \$20,000,000, a reprogramming shall be submitted if the amount to be shifted to or from any object class, budget activity, program line item, or program activity involved is in excess of \$500,000 or 10 percent, whichever is greater, of the object class, budget activity, program line item, or program activity;

4. For agencies, departments, or offices receiving appropriations less than \$20,000,000, a reprogramming shall be submitted if the amount to be shifted to or from any object class, budget activity, program line item, or program activity involved is in excess of \$50,000, or 10 percent, whichever is greater, of the object class, budget activity, program line item, or program activity;

5. For any action where the cumulative effect of below threshold reprogramming actions, or past reprogramming and/or transfer actions added to the request, would exceed the dollar threshold mentioned above, a reprogramming shall be submitted;

6. For any action which would result in a major change to the program or item which is different than that presented to and approved by either of the Committees, or the Congress, a reprogramming shall be submitted;

7. For any action where funds earmarked by either of the Committees for a specific activity are proposed to be used for a different activity, a reprogramming shall be submitted; and,

8. For any action where funds earmarked by either of the Committees for a specific activity are in excess of the project or activity requirement, and are proposed to be used for

a different activity, a reprogramming shall be submitted.

Additionally, each request shall include a declaration that, as of the date of the request, none of the funds included in the request have been obligated, and none will be obligated, until the Committees on Appropriations have approved the request.

CLIMATE CHANGE RESEARCH

On October 22, 1997, the President introduced a three-stage proposal on climate change in anticipation of an international agreement to be negotiated 2 months later in Kyoto, Japan. The President's budget for fiscal year 1999 included a \$6,300,000,000 package of tax incentives and research and development programs over the 5 years of Stage 1 of the President's proposal. With regard to programs pursued under the President's proposal, the conferees expect the administration to comply with the letter and spirit of the Government Performance and Results Act (GPRA).

The conferees direct the administration to designate which office has authority to coordinate and direct interagency activity with regard to the President's proposal, which can report accountably to Congress.

None of the funds provided in this bill are to be used to implement actions called for solely under the Kyoto protocol, prior to its ratification.

The Byrd-Hagel resolution passed in 1997 (S. Res. 98) remains the clearest statement of the will of the Senate with regard to the Kyoto protocol, and the conferees are committed to ensuring that the administration not implement the Kyoto protocol without congressional consent. The conferees recognize, however, that there are also long-standing energy research programs which have goals and objectives that, if met, could have positive effects on energy use and the environment. The conferees do not intend to preclude these programs from proceeding, provided they have been documented in full compliance with the letter and intent of GPRA, funded, and approved by Congress.

To the extent future funding requests may be submitted which would increase funding for climate change activities prior to ratification of the Kyoto protocol (whether under the auspices of the climate change technology initiative or any other initiative), the Administration must do a better job of explaining the components of the programs, their anticipated goals and objectives, the justification for any funding increases, a discussion of how success will be measured, and a clear definition of how these programs are justified by goals and objectives independent of implementation of the Kyoto protocol.

The conferees direct the Administration to provide the Committees with a detailed plan for implementing key elements of the President's proposal, which would include performance goals for the reduction of greenhouse gases that have objective, quantifiable, and measurable target levels. The plan should provide evidence on the effectiveness of these programs in meeting the performance goals. The conferees expect these items to be included as part of the fiscal year 2001 budget submission for all affected agencies.

Last year, the Senate Appropriations Committee directed the Administration to include these items in the fiscal year 2000 budget submission. The conferees are concerned that several agencies are tardy in doing so. The conferees take cognizance of a joint hearing on agency accountability, conducted on May 20, 1999, by subcommittees of the Senate Committee on Energy and Natural Resources and the House Committee on Government Reform. In fact, three agencies did not submit reports until April 9 or later, and one submitted its report one day before

this hearing. According to the General Accounting Office, both the timing and the content of these submissions made it more difficult for Congress to assess administration proposals.

VEHICLE USAGE AND REPLACEMENT

The conferees remain concerned about the pace by which the vehicle management system is being implemented. To date, only initial steps have been taken. Therefore, the conferees have continued last year's provision regarding vehicle acquisition and expect that the system will be fully implemented in time to utilize information gathered from the system in developing the fiscal year 2001 budget. The conferees direct that the fiscal year 2001 request regarding vehicle acquisitions be justified on a demonstrated use of this system.

TITLE I—DEPARTMENT OF THE TREASURY

DEPARTMENTAL OFFICES SALARIES AND EXPENSES

The conferees agree to provide \$134,034,000 instead of \$134,206,000 as proposed by the House and \$133,168,000 as proposed by the Senate. The amount provided does not include the additional \$596,000 requested for Enforcement Policies and Programs.

The conferees note that the amount provided includes sufficient funding for the Department of the Treasury to make up to \$500,000 in contract awards to the National Law Center for Inter-American Free Trade as proposed by the President. The conferees support this program, which will aid federal government efforts to conduct legal research specific to relevant trade issues.

SENIOR EXECUTIVE SERVICE ALLOCATIONS

The conferees recognize some discrepancy in allocations of Senior Executive Service (SES) positions among Treasury law enforcement bureaus. When compared to comparable Justice Department agencies, these allocations seem disproportionate. The conferees recognize that SES allocations are reviewed every two years and the next review will occur in the year 2000. In order to mitigate this apparent disparity, the conferees direct the Secretary of the Treasury to review the SES allocations in its law enforcement bureaus and to make recommendations to the Committees on Appropriations by November 1, 1999, on those actions that might alleviate SES imbalances.

OFFICE OF ENFORCEMENT REVIEW

The Congress established the Office of the Under Secretary of Enforcement in Public Law 103-123, Section 105, to allow the Department an office solely dedicated to assisting Treasury's law enforcement bureaus in management and policy oversight issues specific to the needs of law enforcement. The conferees are interested in the use of funding in the Office of Enforcement with respect to the management of law enforcement bureaus and the development and oversight of policy. Therefore, the conferees direct the General Accounting Office to conduct a management review of the Office of Enforcement and Treasury's law enforcement bureaus as they relate to the Office of Enforcement. The conferees note that attention should also be paid to the Office's interactions with other entities within Treasury's Departmental Offices, as well as other federal law enforcement agencies.

DEPARTMENT-WIDE SYSTEMS AND CAPITAL INVESTMENTS PROGRAMS

The conferees agree to provide \$43,961,000 instead of \$31,017,000 as proposed by the House and \$35,561,000 as proposed by the Senate. The amount provided includes \$26,221,000 for Human Resources Reengineering and Systems Modernization, \$4,327,000 for the

completion of Year 2000 conversion activities, \$3,813,000 for Departmental Offices productivity enhancement, \$1,000,000 for critical infrastructure protection, \$200,000 for Department-wide implementation of an information systems architecture, \$5,400,000 for the International Trade Data System, and \$3,000,000 for money laundering grants.

OFFICE OF INSPECTOR GENERAL
SALARIES AND EXPENSES

The conferees agree to provide \$30,716,000 as proposed by the House instead of \$30,483,000 as proposed by the Senate.

TREASURY INSPECTOR GENERAL FOR TAX
ADMINISTRATION
SALARIES AND EXPENSES

The conferees agree to provide \$112,207,000 as proposed by the House instead of \$111,340,000 as proposed by the Senate.

TREASURY BUILDING AND ANNEX REPAIR AND
RESTORATION

The conferees agree to provide \$23,000,000 as proposed by the House instead of \$15,000,000 as proposed by the Senate.

FINANCIAL CRIMES ENFORCEMENT NETWORK
SALARIES AND EXPENSES

The conferees agree to provide \$27,818,000 instead of \$29,656,000 as proposed by the House and \$27,681,000 as proposed by the Senate. This is identical to the Administration's request, with the exception that \$600,000 requested to fund Gateway system operations is provided in the Violent Crime Reduction Trust Fund instead of the Salaries and Expenses appropriation. The conferees agree that not to exceed \$1,000,000 of this funding shall remain available until September 30, 2002 to provide flexibility in keeping technology investments current.

TREASURY FORFEITURE FUND

The conferees understand that the fiscal year 2000 super surplus for the Treasury Forfeiture Fund will exceed the Administration's estimate of \$142,000,000, and therefore direct the Department to provide the Committees on Appropriations its plan for using these resources in a timely manner, as well as a summary of actual obligations in the fiscal year 2001 budget request.

The conferees continue to support the use of the super surplus to further advance Treasury law enforcement programs and activities, and acknowledge the Department's proposal for use of the super surplus for a variety of activities. The conferees direct the Department to use \$177,906,000 instead of \$142,106,000 as proposed by the House and \$142,000,000 as proposed by the Senate, as follows:

BUREAU OF ALCOHOL, TOBACCO AND FIREARMS
The conferees agree to provide \$27,920,000 instead of \$26,800,000 as proposed by the House and \$17,847,000 as proposed by the Senate.

YOUTH CRIME GUN INTERDICTION INITIATIVE

The conferees agree to increase total funding for the Youth Crime Gun Interdiction Initiative (YCGII) to \$51,320,000, of which \$12,320,000 is provided in the violent crime reduction trust fund (VCRTF). The conferees strongly support programs such as YCGII, the operations of the Bureau of Alcohol, Tobacco and Firearms (ATF) National Tracing Center, and initiatives such as the Integrated Violence Reduction Strategy to target, investigate and prosecute crimes with guns and reduce gun violence among our nation's youth. The conferees are aware that many communities are interested in learning from and benefiting by increased federal efforts in this area, and so ATF is encouraged to consider the needs of communities where no current YCGII program exists, such as Las Vegas, Nevada, as it plans for future YCGII operations.

GANG RESISTANCE EDUCATION AND TRAINING
GRANTS

The conferees agree to provide \$13,000,000 to ATF as proposed by the Senate instead of \$10,000,000 as proposed by the House to continue the Gang Resistance Education and Training (GREAT) program. Additional funds of \$3,000,000 for ATF administrative support also are provided through VCRTF. The conferees understand that the longitudinal impact study of the GREAT program now underway at the National Institute of Justice and the University of Nebraska will be completed in the summer of 2000. The conferees urge ATF to expedite completion of the study and provide the results to the Committees on Appropriations.

CUSTOMS SERVICE

The conferees agree to provide \$61,000,000 instead of \$64,000,000 as proposed by the House and \$52,774,000 as proposed by the Senate. This fully funds the Administration request for funding for vehicles, maintenance of previously acquired detection equipment and equipment in support of Operations HARDLINE and GATEWAY, lab modernization, money laundering, and \$2,400,000 to continue the Customs Cybersmuggling Center. The conferees provide an additional \$1,600,000 for the Cybersmuggling Center in the Customs Service Salaries and Expenses appropriation. The conferees provide \$4,000,000 for the land border automation initiative.

AGENT AND INSPECTOR RELOCATION

The conferees are interested in the use of funding provided for agent and inspector relocation. Specific funding of \$8,000,000 was requested by the Administration, in addition to \$4,000,000 from the Treasury Forfeiture Fund in fiscal year 1998 and \$8,000,000 appropriated to Customs in fiscal year 1999. The conferees direct the Customs Service to report by February 1, 2000, on its use of this funding for fiscal years 1998-2000, to include actual and estimated numbers of inspectors and agents relocated and the costs associated with such moves.

SECRET SERVICE

The conferees agree to provide \$4,200,000 as proposed by the House instead of \$21,950,000 as proposed by the Senate. This includes \$2,000,000 for forensic assistance to the National Center for Missing and Exploited Children (NCMEC) and \$2,200,000 for grant assistance for the Exploited Child Unit of NCMEC.

FINANCIAL CRIMES ENFORCEMENT NETWORK

The conferees agree to provide \$1,863,000 as proposed by the Senate instead of no funding as proposed by the House. This includes funding for operating the Gateway system, expanding the secure outreach network for federal agencies, improving access to the Suspicious Activity Report (SAR) system and outreach to State and local law enforcement agencies, money laundering, and data mining.

FEDERAL LAW ENFORCEMENT TRAINING CENTER

The conferees agree to provide \$9,200,000 as proposed by the Senate instead of no funding as proposed by the House, for two firearms ranges at the Federal Law Enforcement Training Center's Artesia, New Mexico, campus.

INTERAGENCY CRIME AND DRUG ENFORCEMENT

The conferees agree to provide \$14,817,000 instead of \$27,000,000 as proposed by the House and \$28,366,000 as proposed by the Senate. An additional \$61,083,000 is provided in the Interagency Law Enforcement account for a total appropriation of \$75,900,000.

FEDERAL LAW ENFORCEMENT TRAINING CENTER—

SALARIES AND EXPENSES

The conferees agree to provide \$84,027,000 instead of \$82,827,000 as proposed by the House and \$80,114,000 as proposed by the Senate. The conferees agree to an increase of \$1,420,000 for basic training, \$1,216,000 for counter-terrorism training, \$1,380,000 for a cost accounting system, \$350,000 for scheduling automation, \$1,973,000 for equipment base restoration, \$900,000 for training vehicles, and \$300,000 for a Rural Law Enforcement Demonstration Project.

The conferees agree to continue a general provision (Section 615) to permit the Federal Law Enforcement Training Center (FLETC) to acquire the temporary use of additional training facilities without seeking the advance approval otherwise required by that section. The conferees direct the Center to report to the Committees on Appropriations by May 5, 2000 on the use of this authority and projections for its future use.

U.S. BORDER PATROL BASIC TRAINING

The Congress has mandated that the US Border Patrol (USBP) increase its level of new hires now and over the next several years. A critical component of the hiring process is the training of new agents to prepare them as quickly as possible to perform their duties at USBP locations. Due to the increased training requirements, entry level USBP agents are currently trained at both the FLETC Glynco, Georgia and the former Charleston, South Carolina Naval Yard sites. The conferees direct that FLETC and the Immigration and Naturalization Service (INS)/USBP establish a training schedule that creates fixed plateaus for conducting training at both locations. FLETC and INS are to report back to the Committees on Appropriations no later than January 1, 2000, on how this scheduling is being implemented for fiscal year 2000. The conferees fully expect that the five year construction Master Plan for facilities for USBP training will be fully implemented subject to a certification by the Secretary of Treasury and the Attorney General that all FLETC overflow issues relating to USBP basic training have been addressed.

RURAL LAW ENFORCEMENT EDUCATION DEMONSTRATION PROJECT

The conferees are concerned that greater attention tends to be focused on youth crime and gang activity in urban centers. Rural areas are also experiencing significant increases in juvenile crime. The conferees believe that rural law enforcement officials, and others in rural communities who could provide an early warning system of criminal behavior, are not receiving the kind of education and training that may be critically important to the safe keeping of their communities.

Therefore, the conferees direct the Director of FLETC to provide up to \$300,000 to a graduate level criminal justice program specializing in rural law enforcement in a Northern Plains State and/or other rural

area. These funds will be used to sponsor a research project on the development of law enforcement training techniques aimed at addressing rural crime, rural drug behavior and rural gang activities. It is hoped that the study, which shall be provided to the Committees on Appropriations within one year after enactment of this bill, will be considered in making any law enforcement changes necessary for conducting a rural law enforcement training program.

ACQUISITION, CONSTRUCTION, IMPROVEMENTS, AND RELATED EXPENSES

The conferees agree to provide \$21,611,000 as proposed by the Senate instead of \$24,310,000 as proposed by the House. This includes funding for the current Master Plan construction, expanding the chilled water system, a counter terrorism facility, and completion of a new dormitory at Artesia, New Mexico.

The conferees have denied funding for a new classroom at Glynco, Georgia, as these funds have been made available through the Treasury Forfeiture Fund in fiscal year 1999.

DORMITORY AND CLASSROOM CONSTRUCTION

The conferees continue to be committed to the principle of consolidating federal law enforcement training, and are greatly concerned that the INS Border patrol training facility in Charleston, South Carolina will not be closed in fiscal year 2001, as originally planned and agreed to by the Departments of Justice and Treasury. The conferees understand that the obstacle to this closure and subsequent consolidation of all Border Patrol basic training at FLETC is the lack of adequate capacity at the two existing FLETC sites. The budget request is consistent with a revised plan to have adequate basic training capacity by fiscal year 2004. The conferees strongly urge FLETC and the Department to keep the Committees informed of any problems that may cause further delays, and directs the Treasury Department to report by May 5, 2000, on progress in meeting this target.

INTERAGENCY LAW ENFORCEMENT

INTERAGENCY CRIME AND DRUG ENFORCEMENT

The conferees agree to provide \$61,083,000 instead of \$48,900,000 as proposed by the House and no appropriation as proposed by the Senate. The conferees provide an additional \$14,817,000 through the VCRTF, for a total appropriation of \$75,900,000.

FINANCIAL MANAGEMENT SERVICE

SALARIES AND EXPENSES

The conferees agree to provide \$201,320,000 as proposed by the House instead of \$200,054,000 as proposed by the Senate.

The conferees have agreed to include language proposed by the Senate that provides that not to exceed \$2,500 is available for official reception and representation expenses.

BUREAU OF ALCOHOL, TOBACCO AND FIREARMS

SALARIES AND EXPENSES

The conferees agree to provide \$565,959,000 instead of \$567,059,000 as proposed by the House and \$570,345,000 as proposed by the Senate. The amount provided fully funds the request to maintain current services, includes \$5,209,000 for enforcement and tax collection support for tobacco tax compliance, and \$5,000,000 to support the Integrated Ballistic Identification System system in addition to \$3,000,000 funded through the Treasury Forfeiture Fund. The conferees do not include \$1,100,000 requested for a promotion assessment system, but expect ATF to absorb those costs within existing resources.

TOBACCO COMPLIANCE

The conferees are concerned that a change in federal law mandated by the 1997 Balanced Budget Act regarding the domestic distribu-

tion of cigarettes manufactured for export will create substantial enforcement problems for ATF after January 1, 2000, when the new law becomes effective. The conferees note that a number of States have already passed laws banning the distribution of export manufactured cigarettes ahead of the federal statute. The conferees include \$5,209,000 to fund the enforcement actions with regard to gray market tobacco products and to ensure collection of floor stock taxes. The conferees direct ATF to report back to the Committees on Appropriations before September 30, 2000, followed by semi-annual reports thereafter, on the number of employees dedicated to handling this transition in the law and its enforcement, the number of complaints received, the number of investigations initiated, and the number of cases referred for prosecution.

ANTIQUE FIREARMS

The conferees are concerned that there are insufficient data or information on the use of antique firearms in crime. The term "antique firearm" has the meaning given the term in 18 USC 921(a)(16). Therefore, the ATF is urged to conduct a study on the use of antique firearms in crime and report back to the Committees on Appropriations no later than February 15, 2000.

LABORATORY FACILITIES AND HEADQUARTERS

The conferees recommend that, should it be deemed necessary, ATF seek any funds required for a relocation of their headquarters operations from the Treasury Forfeiture Fund.

UNITED STATES CUSTOMS SERVICE

SALARIES AND EXPENSES

The conferees agree to provide \$1,705,364,000 instead of \$1,708,089,000 as proposed by the House and \$1,670,747,000 as proposed by the Senate. These amounts include \$212,000 for renovations to the Louisville International Airport in Louisville, Kentucky. The conferees also include funding to maintain current levels and annualize the cost of personnel and equipment, including vehicle replacement, and \$35,000,000 in new funding to support the Automated Commercial System. In addition, the conferees provide \$9,000,000 for non-intrusive mobile personal inspection technology, \$5,011,000 for the forced child labor program, and \$2,000,000 for money laundering outbound detection technology. The agreement also includes \$1,600,000 for the Cybersmuggling Center in addition to the \$2,400,000 funded through the Violent Crime Reduction Trust Fund, to bring total funding to the Center to \$4,000,000. The conferees deny without prejudice \$725,000 requested for land border blitzes.

CUSTOMS AUTOMATION

The conferees are extremely supportive of automating Customs' systems and processes. Unfortunately, the Administration failed to request adequate funding for this program, either to maintain the existing Automated Commercial System (ACS) or to lay the groundwork for the Automated Commercial Environment (ACE). The President's budget does include an increase of \$35,000,000 for expanded memory for ACS. However, the conferees are deeply concerned that Customs has failed to provide accurate estimates of possible funding shortfalls which the conferees could address. The conferees support Customs' efforts to mirror the Internal Revenue Service's path for modernization with the use of a prime integrator and the establishment of modularized acquisition and spending plans. Given the adoption of this new approach, the conferees request the revised system blueprint, schedule and budget for ACE not later than the time the budget is submitted for fiscal year 2001. The conferees also direct the Customs Service to

provide quarterly reports on the maintenance and costs of ACS until ACE has been implemented.

SOUTHWEST BORDER STAFFING AND CROSS-BORDER TRADE

The conferees are aware that commercial truck traffic entering the United States through Mexico has grown by more than 50 percent in recent years, and that the Customs Service has not realized subsequent increases in inspectors. For example, over 80 percent of the fresh produce imported from Mexico comes through Nogales, Arizona, yet the number of Customs inspectors in that area has actually decreased. In addition, the San Luis, Arizona port of entry is not open during key hours thereby forcing trade to be rerouted hundreds of miles away. When the port is open, wait times can be over two and a half hours long. The conferees understand that Customs is currently reviewing its overall resource allocation and encourages Customs to consider the Arizona border in this review. In the interim, the conferees instruct Customs at least to maintain current staffing levels in Arizona in fiscal year 2000 and to report to the Committees on Appropriations by March 31, 2000, on what resources are necessary to reduce wait times along the Southwest border to twenty minutes, in addition to outlining the current staffing needs in Arizona.

TARGETED RESOURCES FOR THE SOUTHWEST BORDER

In addition to the evaluation of overall, longer term Southwest border needs directed above, the conferees, in an effort to address these concerns in terms of wait times and trafficking in illegal drugs and contraband, believe that an immediate increase in inspectors, agents, and detection technology is justified to meet these current pressures. The conferees therefore direct the U.S. Customs Service to submit within 60 days of enactment to the Committees on Appropriations its recommendation for immediate actions to reduce waiting times and improve contraband detection capabilities, as well as investigative resources. Based on these recommendations and subject to approval by the Committees, the conferees direct that \$25,000,000 from the super surplus of the Treasury Forfeiture Fund be used to hire new inspectors, agents, or acquire new detection technology for use along the Southwest border.

CUSTOMS INSPECTION PRACTICES

The conferees are concerned about allegations that African-Americans and Hispanic-Americans are being targeted for Customs inspections, detention and for personal searches at border crossings. The conferees are also concerned about allegations that personal searches of individuals subject to such searches in accordance with regulations established by the Customs Service may be carried out by employees of the Customs Service who are not of the same gender as the individual being searched. Therefore, the conferees direct the Secretary of the Treasury to prepare and submit to the Congress a report on the conduct of personal searches by employees of the Customs Service by February 15, 2000.

CANADIAN/UNITED STATES FREE TRADE AGREEMENT RESEARCH PROGRAM

The Canadian/United States Free Trade Agreement (CUSTA) was signed in 1988 and implemented in 1989. The objective was to create a Canadian/U.S. free trade area so trade between the two countries would be uninhibited by border measures. The agreement called for conversion of non-tariff border measures to tariffs, with all tariffs to be phased out over a 15 year period. The agreement was expanded to NAFTA by including Mexico in 1994.

From within amounts appropriated, the conferees agree to provide \$725,000 and direct Customs to provide a Northern Plains agricultural economics program with these funds to conduct a research program to analyze issues relating to bilateral U.S./Canada trade in agricultural commodities and to assess the economic impact of bilateral trade on the Northern Plains. Specific objectives of the research program are (1) to evaluate inconsistencies in agricultural policies, trade practices, and marketing activities which affect trade flows of agricultural products and commodities between the U.S. and Canada; (2) to analyze the impacts of Canadian exports of agricultural products and commodities on prices and net farm income in Northern Plains States; (3) to analyze data on Canadian export prices and quantities of agricultural products and commodities collected at U.S. customs points along the Northern border; and (4) to evaluate factors influencing Canadian exports to the United States, including transportation and logistics and single desk selling of wheat and barley by the Canadian Wheat Board. The conferees further direct that a report on this project be provided to the Committees within one year of enactment of this Act.

PORTS OF ENTRY INFRASTRUCTURE ASSESSMENT

The conferees are concerned about the current condition of the ports of entry along the U.S. land borders. Therefore, the conferees direct the Customs Service, working in consultation with the General Services Administration, to assess the current condition and infrastructure needs of these ports and provide a report to the Committees within nine months after enactment of this Act on a plan to address these needs and the resources required to do so. The conferees expect the Customs Service to coordinate with the other Federal and State border agencies in this effort.

INTERNATIONAL PORTS OF ENTRY

The conferees urge the Customs Service to evaluate the merits of designating the Hector International Airport in Fargo, North Dakota, the San Antonio International Airport in San Antonio, Texas, and The Manchester Airport in Manchester, New Hampshire, as international ports of entry and report the findings to the Committees on Appropriations no later than February 15, 2000. Additionally, the conferees encourage the U.S. Customs Service to consider a pilot project to allow international port of entry designations at several selected airports which may not currently meet the requirements for an international port of entry designation but which demonstrate promise of meeting them in the future due to expanded international trade and commerce.

HARBOR MAINTENANCE FEE COLLECTION

The conferees agree to provide a separate appropriation of \$3,000,000 as proposed by the Senate, to be transferred from the Harbor Maintenance Trust Fund to the Customs Service "Salaries and Expenses" appropriation.

OPERATION, MAINTENANCE AND PROCUREMENT, AIR AND MARINE INTERDICTION PROGRAMS

The conferees agree to provide \$108,688,000 as proposed by the Senate instead of \$109,413,000 as proposed by the House. The conferees deny without prejudice \$725,000 requested for land border blitzes.

CUSTOMS AIR AND MARINE INTERDICTION MODERNIZATION

In the fiscal year 1999 appropriation, the conferees directed Customs to provide its air and marine program modernization plan with its fiscal year 2000 budget. The conferees understand that this plan is currently under review within the Administration and

are dismayed that the plan was not provided as requested. The plan is to include the projected lifespans and replacement schedules, as well as the current status, of each aircraft or vessel, associated operations and maintenance activities for these craft, and any costs for fleet modernization. The conferees expect prompt completion and submission of this report.

ROTORCRAFT TRAINING

The conferees are aware that the Customs Service has contracted with the University of North Dakota for rotorcraft training. Because of the University's state-of-the-art facilities, its experienced flight instructors, and its internationally recognized expertise in touch-down auto rotation, the conferees urge the continuation and expansion of this collaboration.

BUREAU OF THE PUBLIC DEBT

ADMINISTERING THE PUBLIC DEBT

The conferees agree to provide \$177,819,000 instead of \$176,919,000 as proposed by the House and \$176,983,000 as proposed by the Senate.

The conferees agree that the report described in House report language should be submitted to the Committees on Appropriations by February 1st of each year.

INTERNAL REVENUE SERVICE

PROCESSING, ASSISTANCE, AND MANAGEMENT

The conferees agree to provide \$3,312,535,000 instead of \$3,270,098,000 as proposed by the House and \$3,291,945,000 as proposed by the Senate. The amount provided is the same as the amount requested by the Administration.

The conferees have also agreed to include \$3,950,000 for the Tax Counseling for the Elderly Program as proposed by the Senate instead of \$3,700,000 as proposed by the House.

TAX LAW ENFORCEMENT

The conferees agree to provide \$3,336,838,000 instead of \$3,301,136,000 as proposed by the House and \$3,305,090,000 as proposed by the Senate. The amount provided is the same as the amount requested by the Administration.

The conferees have also agreed to include language in the bill which provides \$150,000 for official reception and representation expenses associated with hosting the Inter-American Center of Tax Administration 2000 Conference as proposed by the Senate.

Kerosene Dye Study

The Taxpayer Relief Act of 1997 established a \$.244 per gallon motor fuels tax on kerosene to deter fraud and evasion of the diesel tax. To distinguish between those using the fuel for home heating purposes and those using the fuel for transportation use, a dyeing scheme was established whereby red-dyed kerosene would be provided to home heating fuel customers tax free and clear kerosene would be used by the transportation fuel customers. The conferees are concerned about the potential effects on human health and safety of burning red-dyed kerosene fuel in unvented space heaters. Therefore, the conferees direct the Secretary of the Treasury to conduct a study on this issue and report the results to the tax-writing committees of the House and Senate by September 30, 2000.

INFORMATION SYSTEMS

The conferees agree to provide \$1,455,401,000 instead of \$1,394,540,000 as proposed by the House and \$1,450,100,000 as proposed by the Senate. The amount provided is the same as the amount requested by the Administration. The conferees have also agreed to make the funds available for obligation until September 30, 2001.

ADMINISTRATIVE PROVISIONS—INTERNAL REVENUE SERVICE

Section 101. The conferees agree to include a provision proposed by the House and the

Senate which allows the transfer of 5 percent of any appropriation made available to the Internal Revenue Service to any other IRS appropriation subject to Congressional approval.

Section 102. The conferees agree to include a provision proposed by the House and the Senate which requires the IRS to maintain a training program in taxpayers' rights, dealing courteously with taxpayers, and cross cultural relations.

Section 103. The conferees agree to include a provision proposed by the House and the Senate which requires the IRS to institute and enforce policies and practices that will safeguard the confidentiality of taxpayer information.

Section 104. The conferees agree to include a provision proposed by the Senate which directs that funds shall be available for improved facilities and increased manpower to provide sufficient and effective 1-800 help line telephone assistance. The House bill contained no similar provision.

Section 105. The conferees agree to include a provision proposed by the Senate which provides that no reorganization of the Internal Revenue Service Criminal Investigation Division will result in a reduction in the number of criminal investigators in Wisconsin and South Dakota below the 1996 level. The House bill contained no similar provision.

UNITED STATES SECRET SERVICE SALARIES AND EXPENSES

The conferees agree to provide \$667,312,000 instead of \$662,312,000 as proposed by the House and \$638,816,000 as proposed by the Senate. The conferees agree to provide authority for up to \$18,000,000 to remain available for protective travel until September 30, 2001, as proposed by the House. The conferees fully fund the President's request with two exceptions: the conferees deny the Administration's request to fund \$1,000,000 from the Treasury Forfeiture Fund, and include \$5,000,000 to implement the provisions of Section 118.

ACQUISITION, CONSTRUCTION, IMPROVEMENT, AND RELATED EXPENSES

The conferees agree to provide \$4,923,000 as proposed by the House and the Senate.

James J. Rowley Training Center

The conferees believe that providing the necessary training facilities is critical to a state-of-the-art protective training environment. To this end, the conferees direct the Secret Service to report to the Committees on Appropriations on the status of the Master Plan for the James J. Rowley Training Center, including project priorities, timelines for completion, and its overall priority within the Secret Service and Treasury law enforcement mission.

GENERAL PROVISIONS—DEPARTMENT OF THE TREASURY

Section 110. The conferees agree to include a provision proposed by the House and the Senate which requires the Secretary of the Treasury to comply with certain reprogramming guidelines when obligating or expending funds for law enforcement activities from unobligated balances available on September 30, 2000.

Section 111. The conferees agree to include a provision proposed by the House and the Senate which allows the Department of the Treasury to purchase uniforms, insurance, and motor vehicles without regard to the general purchase price limitation, and enter into contracts with the Department of State for health and medical services for Treasury employees in overseas locations.

Section 112. The conferees agree to include a provision proposed by the House and the

Senate which requires the expenditure of funds so as not to diminish efforts under section 105 of the Federal Alcohol Administration Act.

Section 113. The conferees agree to include a provision proposed by the House and the Senate which authorizes transfers, up to 2 percent, between law enforcement appropriations under certain circumstances.

Section 114. The conferees agree to include a provision proposed by the Senate which authorizes the transfer, up to 2 percent, between the Departmental Offices, Office of Inspector General, Treasury Inspector General for Tax Administration, Financial Management Service, and Bureau of Public Debt appropriations under certain circumstances. A similar provision in the House bill did not make appropriations for the Treasury Inspector General for Tax Administration eligible for transfer.

Section 115. The conferees agree to include a provision proposed by the House and the Senate regarding the purchase of law enforcement vehicles.

Section 116. The conferees agree to include a provision proposed by the House and the Senate which authorizes voluntary separation incentives in the Office of Treasury Inspector General for Tax Administration.

Section 117. The conferees agree to include a provision proposed by the House which prohibits the Department of the Treasury and the Bureau of Engraving and Printing from redesigning the \$1 Federal Reserve note. The Senate bill contained no similar provision.

Section 118. The conferees agree to include and modify a provision proposed by the House which authorizes Treasury law enforcement agencies to pay their protection officers premium pay in excess of the pay period limitation. The Senate bill contained no similar provision.

Section 119. The conferees agree to include a provision proposed by the House and the Senate which authorizes the Financial Management Service to offer voluntary separation incentives to employees of the Chicago Financial Center. The language included in the conference agreement includes technical corrections.

The conferees agree to delete a provision proposed by the Senate regarding the execution of judgments against property of foreign state violators of international law.

TITLE II—POSTAL SERVICE

PAYMENT TO THE POSTAL SERVICE FUND

The conferees agree to provide \$93,436,000, as proposed by the House and the Senate and include a technical change to the bill language, as proposed by the House.

ETHANOL VEHICLES

The conferees are aware that the U.S. Postal Service has announced that it will purchase and deploy ethanol fuel vehicles over the next two years. The conferees expect the U.S. Postal Service to consider factors that will maximize the efficient placement of ethanol vehicles, including accessibility of ethanol and local support for implementation of the ethanol program. The conferees direct the U.S. Postal Service to report on the placement of the vehicles on an annual basis.

HAMMONDVILLE, ALABAMA

The conferees are concerned about the postal needs of the residents of Hammondville, Alabama, located in DeKalb County. The conferees recommend that the United States Postal Service study and evaluate the need for a post office in Hammondville, Alabama, working with local officials and community leaders. The conferees further recommend that the United States Postal Service report its findings to the Committees on Appropriations.

TITLE III—EXECUTIVE OFFICE OF THE PRESIDENT AND FUNDS APPRO- PRIATED TO THE PRESIDENT

WHITE HOUSE OFFICE SALARIES AND EXPENSES

The conferees agree to provide \$52,444,000 as proposed by the House and the Senate and include a proviso that \$10,313,000 of the funds appropriated shall be available for reimbursements to the White House Communications Agency, as proposed by the House.

OFFICE OF ADMINISTRATION SALARIES AND EXPENSES—

The conferees agree to provide \$39,198,000 as proposed by the Senate instead of \$39,448,000 as proposed by the House. -

OFFICE OF MANAGEMENT AND BUDGET

SALARIES AND EXPENSES—

The conferees agree to provide \$63,495,000 as proposed by the House and the Senate and agree to delete a new provision authorizing the Office of Management and Budget to establish a National Intellectual Property Coordination Center, as proposed by the Senate. The conferees include a new provision in Title VI establishing a National Intellectual Property Law Enforcement Coordination Council.

Grant consolidation—

The conferees agree with and modify Senate report language on grant consolidation. The conferees direct the Director of the Office of Management and Budget to prepare an inventory of Federal grant programs including the name of the program, the statutory authorization, the eligibility criteria both statutory and regulatory and a copy of the grant application form for fiscal year 1999. The Director shall submit the inventory no later than six months after the date of enactment to the Committees on Appropriations and relevant authorizing committees.

OFFICE OF NATIONAL DRUG CONTROL POLICY

SALARIES AND EXPENSES—

The conferees agree to provide \$22,951,000 for the Office of National Drug Control Policy (ONDCP), instead of \$52,221,000 as proposed by the House and \$21,963,000 as proposed by the Senate. This includes \$20,851,000 for operations, including support for clearinghouse and outreach activities, and assumes that \$600,000 will be used for evaluation of the Drug-Free Communities Act program from within the amounts appropriated. The funding also provides \$1,100,000 for policy research and evaluation, and \$1,000,000 for model state drug law conferences.

ONDCP staffing

The conferees approve the request to provide four full time equivalent (FTE) positions in ONDCP, two for the High Intensity Drug Trafficking Areas (HIDTA) program and two for the Office of Financial Management. However, ONDCP has proven unable to fully utilize its current authorized FTE level of 124 during the past three years. Therefore, the conferees do not agree to increase the FTE ceiling, but direct that the new FTEs be taken from the existing FTEs allocated to the Office of Legislative Affairs, the Office of Public Affairs, or the Office of the Director. ONDCP is directed to report to the Committees on Appropriations by November 1, 1999, on how they have implemented this FTE reallocation.

ONDCP management review

The conferees agree that \$125,000 of ONDCP's funds will be made available, by transfer, to the General Accounting Office (GAO). GAO is directed to use these funds to enter into a contract with an independent entity for the purpose of conducting a management review of ONDCP's operations. GAO

shall develop a scope of work that addresses the management concerns raised by the conferees and identified in Senate Report 106-87, perform the administrative duties necessary to award and monitor the contract, and ensure that the contractor deliverables are responsive to the scope of the contract. The conferees direct GAO to consult with the Committees on Appropriations on the parameters of this review.

Rural drug conferences—

The conferees are concerned about the spread of drugs and drug related crimes to rural areas and whether rural law enforcement can sufficiently address these new trends. Therefore, the conferees encourage the Director to consider convening a national conference on rural drug crime to include regional conferences in rural areas, such as those in South Carolina, Vermont, and Missouri, in order to assess the needs of rural law enforcement and the impact of drug related crimes.

COUNTERDRUG TECHNOLOGY ASSESSMENT CENTER

The conferees agree to provide \$29,250,000 instead of \$31,100,000 as proposed by the Senate. The House had proposed \$29,250,000 in ONDCP's Salaries and Expenses Appropriation. The conferees agree to establish this new, separate appropriation account for the Counterdrug Technology Assessment Center (CTAC) as authorized in Public Law 105-277 and proposed by the Senate. It consists of \$16,000,000 for the core research and assessment activities of CTAC, as well as \$13,250,000 for the counterdrug technology transfer program.

FEDERAL DRUG CONTROL PROGRAMS HIGH INTENSITY DRUG TRAFFICKING AREAS PROGRAM

The conferees agree to provide \$192,000,000 as proposed by the House instead of \$205,277,000 as proposed by the Senate. The conferees provide that established HDTAs will be funded at not less than the fiscal year 1999 levels and include \$1,800,000 for auditing of the HIDTA program. The conferees also amend the House and Senate proposals to ensure that funding for programs addressing the treatment or prevention of drug use shall not be less than the funds obligated or expended for such programs during fiscal year 1999 for each designated HIDTA without the prior approval of the Committees on Appropriations.

Measures of HIDTA performance

The conferees know of the strong demand for the creation of new HDTAs and expansion of existing ones, and believe that the funding provided in this bill will meet current requirements. The conferees agree that ONDCP and regional HIDTA organizations should be given a chance to manage this program to meet the standards of performance set forth in ONDCP's own performance measures of effectiveness (PMEs) for the HIDTA program. The ONDCP Director is responsible for applying the standards set forth in the HIDTA authorization when designating new HDTAs, and allocation decisions should be consistent with the PMEs as well. In the fiscal year 1999, ONDCP was directed to provide a request for HIDTA funding based on these PMEs. Such justification has yet to be provided. With the two additional FTE that this bill provides to assist the HIDTA office, the conferees expect to see tangible assessment of the performance of individual HDTAs and the HIDTA program overall. The conferees also expect that ONDCP will use this information to assess the optimal allocation of HIDTA funding and all future requests for HIDTA funding will be supported by PME data.

SPECIAL FORFEITURE FUND—

The conferees agree to provide \$216,000,000 instead of \$225,000,000 as proposed by the House and \$127,500,000 as proposed by the Senate. This includes \$185,000,000 for the National Youth Anti-Drug Media Campaign, \$30,000,000 for the Drug-Free Communities Act, and \$1,000,000 for the National Drug Court Institute. The conferees agree to eliminate the House report direction to GAO to conduct a review of management of the Drug-Free Community Act.

National Youth Anti-Drug Media Campaign

The conferees agree to provide a funding level of \$185,000,000 for the National Youth Anti-Drug Media Campaign instead of \$195,000,000 as proposed by the House and \$96,500,000 as proposed by the Senate. Instead of the specific requirements listed in Senate report language, the conferees direct that ONDCP comply with the following requirements (in addition to those under the Drug-Free Media Campaign Act of 1998): (1) ONDCP will require a pro-bono match commitment up-front as part of its media buy from each and every seller of ad time and space; and (2) ONDCP, or any agent acting on its behalf, may not obligate any funds for the creative development of advertisements from for-profit organizations, not including out-of-pocket production costs and talent re-use payments, unless (A) the advertisements are intended to reach a minority, ethnic, or other special audience that cannot be obtained on a pro bono basis within the time frames required by ONDCP's advertising and buying agencies, and (B) ONDCP receives prior approval from the Committees on Appropriations. In addition, ONDCP shall report to the Committees by June 15, 2000, on the effectiveness of the National Youth Anti-Drug Media Campaign.

Corporate sponsorship—

In keeping with previous requirements to develop a corporate sponsorship plan, the conferees have added a provision prohibiting the obligation of 10% of the funding provided for the National Youth Anti-Drug Media Campaign until the ONDCP Director submits a corporate sponsorship plan to the Committees on Appropriations.

UNANTICIPATED NEEDS—

The conferees agree to provide \$1,000,000 as proposed by the House instead of no appropriation as proposed by the Senate.

TITLE IV—INDEPENDENT AGENCIES

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED SALARIES AND EXPENSES

The conferees agree to provide \$2,674,000 as proposed by the House instead of \$2,657,000 as proposed by the Senate.

FEDERAL ELECTION COMMISSION

SALARIES AND EXPENSES

The conferees agree to provide \$38,152,000 as proposed by the House instead of \$38,175,000 as proposed by the Senate. The conferees have provided sufficient funds to support a total FTE level of 351.5 and agree with the House recommendation on staffing increases for the Office of General Counsel and the Audit Division.

FEDERAL LABOR RELATIONS AUTHORITY

SALARIES AND EXPENSES

The conferees agree to provide \$23,828,000 as proposed by the House instead of \$23,681,000 as proposed by the Senate.

GENERAL SERVICES ADMINISTRATION

FEDERAL BUILDINGS FUND

LIMITATIONS ON AVAILABILITY OF REVENUE

The conferees agree to provide \$5,342,416,000 in new obligational authority instead of

\$5,245,906,000 as proposed by the House and \$5,244,478,000 as proposed by the Senate.

CONSTRUCTION AND ACQUISITION

The conferees agree to provide \$74,979,000 instead of \$8,000,000 as proposed by the House and \$76,979,000 as proposed by the Senate. The conferees have included funding for the following projects:

Maryland: Montgomery County, FDA Consolidation	\$35,000,000
Michigan: Sault Sainte Marie, Border Station	8,263,000
Montana: Roosville, Border Station—.....	753,000
Montana: Sweetgrass, Border Station	11,480,000
Texas: Fort Hancock, Border Station	277,000
Washington: Oroville, Border Station	11,206,000
Nationwide: Non-prospectus construction projects	8,000,000

The conferees have also agreed to rescind \$20,782,000 of the funds provided for construction and acquisition of facilities in Public Law 104-208 as proposed by the Senate.

COURTHOUSE CONSTRUCTION

The conferees are aware of the Judiciary's continuing need to have additional court space available to conduct its business and move cases to settlement in a timely manner. The conferees are very concerned that a courthouse construction program was not included in the President's budget and that funding was not allocated for such a program in this bill. The conferees commend the Judicial Conference of the United States for undertaking an independent, comprehensive review of the courthouse construction program, which will address issues such as courtroom sharing and design guide conformance. This study should result in recommendations for improvements in the facilities program, which will be useful to the conferees in future years. However, the conferees agree that the current request based on the five year plan of the Judiciary is needed due to long-standing space, security, and operational deficiencies, and would have considered funding these priority projects if an adequate budget allocation were available.

REPAIRS AND ALTERATIONS

The conferees agree to provide \$598,674,000 instead of \$559,869,000 as proposed by the House and \$607,869,000 as proposed by the Senate. Of the amount provided, \$333,000,000 is for Basic Repairs and Alterations. The conferees have elected not to include amounts for specific projects and programs in the bill; however, the conferees direct the General Services Administration to provide to the Committees on Appropriations, within 15 days of enactment of this Act, a plan for expenditure of the funds which includes the specific projects and programs to be accomplished and the amount proposed for each.

The conferees have also agreed to include bill language proposed by the House which directs the General Services Administration to undertake the first construction phase of the project to renovate the Department of the Interior Headquarters Building in Washington, D.C.

The conferees encourage the General Services Administration to use \$1,600,000 of the funds available for Basic Repairs and Alterations for repairs and alterations to the Kansas City Federal Courthouse at 811 Grand Avenue, Kansas City, Missouri, and \$1,250,000 of the funds available for Basic Repairs and Alteration for repairs and alterations to the Federal Courthouse at 40 Center Street, New York, New York.

RENTAL OF SPACE

The conferees agree to provide \$2,782,186,000 as proposed by the House instead of \$2,722,982,500 as proposed by the Senate.

BUILDING OPERATIONS

The conferees agree to provide \$1,580,909,000 instead of \$1,590,183,000 as proposed by the House and \$1,530,979,500 as proposed by the Senate. The conferees have agreed to provide language in the bill which provides that \$1,974,000 of the funds provided for building operations shall be available for acquisition, lease, construction and equipping of flexiplace telecommuting centers as proposed by the House. The Senate had proposed to fund this item under the construction and acquisition of facilities activity. Of the funds provided for flexiplace telecommuting centers, \$150,000 is for the center in Winchester, Virginia, and \$200,000 is for the center in Woodbridge, Virginia.

The conferees have also agreed to provide \$475,000 for the Plains States De-population symposium as proposed by the Senate.

COMBINED LAW ENFORCEMENT CENTER, ST. PETERSBURG, FLORIDA

The conferees are aware of the need for a combined federal, state, and local law enforcement center in St. Petersburg, Florida, and are further aware that the City of St. Petersburg is willing to donate to the federal government the land for such a facility. Accordingly, the conferees direct the General Services Administration to utilize \$500,000 to undertake a study and conceptual design of a combined federal, state, and local law enforcement facility in St. Petersburg, Florida, and report to the Committees on Appropriations by February 1, 2000, on the results of that study.

POLICY AND OPERATIONS

The conferees agree to provide \$116,223,000 instead of \$110,448,000 as proposed by the House and \$120,198,000 as proposed by the Senate. The amount provided includes \$2,500,000 for the Rapid Service Valuation and Preparation Access Program, and \$1,000,000 for the program to validate the access performance of information technology.

DIGITAL LEARNING TECHNOLOGIES

The conferees have also agreed to provide \$2,000,000 to continue the pilot projects for the development, demonstration, and research of emerging digital learning technologies. Of the amount provided, \$1,000,000 is to continue the development of a digital medical education project in connection with the Native American Digital Tele-Health Project, and \$1,000,000 is to continue the development of hardware and software capabilities, network infrastructures, and other activities that will be the basis for the 21st Century Distributed Learning Environment in Education.

VIRTUAL ARCHIVE STORAGE TERMINAL

The conferees have agreed to provide \$275,000 to study the feasibility of developing a prototype facility for storing land-based geographic and geophysical information to enable the efficient use of natural resources.

SECTION 1122 PROGRAM

Section 1122 of the Defense Department Authorization Act for fiscal year 1994 established a program under which states and units of local government may purchase "law enforcement equipment suitable for counter-drug activities" through the Department of Defense. The Act directed the General Services Administration (GSA), in cooperation with the Secretary of Defense, to produce and maintain a catalog of law enforcement equipment suitable for counter-drug activities that could be purchased under the program. The catalog of equip-

ment that GSA is required to maintain is comprised of Federal Supply Schedules that have been established for the purchase of goods by Federal agencies. When the program was originally established, it consisted of 10 Federal Supply Schedules. However, in December of last year and February of this year, the program was greatly expanded to include over 90 schedules which would permit the purchase of goods which appear to be completely unrelated to counter-drug activities, such as lawn and garden equipment and musical instruments. The conferees believe that the expansion of this program goes far beyond what was intended in the authorizing legislation and is counter to the intent on Congress when it repealed the cooperative purchasing provisions of the Federal Acquisition Streamlining Act. As a result of the concerns expressed by the members of Congress about the program, on April 29, 1999, GSA wrote a letter to the Assistant Secretary of the Army for Acquisition, Logistics, and Technology requesting that the Army, as Executive Agent of the program, inform the participating State Points of Contact that GSA would be returning the program to the original 10 Federal Supply Schedules. The conferees approve of this action and expect the General Services Administration and the Department of Defense to consult with the appropriate committees of the Congress before implementing any further expansions of this program.

PER DIEM RATES

The conferees are concerned that the methodology used by the GSA to develop the new per diem rates for the continental United States that became effective on January 1, 1999, has resulted in the unjustified lowering of per diem rates throughout the country. The conferees are aware that GSA is currently reviewing the rates issued in January to determine if modifications are warranted. The conferees urge GSA to continue its review and direct GSA to implement any changes in the rates necessary to assure that they more accurately reflect the cost of travel by federal workers. In addition, the conferees direct GSA to modify its procedures for determining per diem rates to assure that next year's survey accurately reflects the cost of federal travel.

FEDERAL OFFICE BUILDING IN COLORADO SPRINGS, COLORADO

The Federal Building located at 1520 Wilamette Avenue in Colorado Springs, Colorado, is owned by GSA and is currently leased to the U.S. Air Force Space Command. It is the conferees' understanding that Space Command is moving ahead with options to vacate the facility. In the event that Space Command does not renew its lease and the facility becomes vacant and is deemed surplus, the conferees urge GSA to strongly consider the U.S. Olympic Committee's (USOC) need for additional space and to give priority to the USOC's request to gain title or acquire the property.

OLD POST OFFICE BUILDING, WASHINGTON, D.C.

The conferees have agreed to continue language for an additional fiscal year which provides that none of the funds appropriated in this Act may be used to convert the Old Post Office located at 1100 Pennsylvania Ave. in Washington, D.C.

OFFICE OF INSPECTOR GENERAL

The conferees agree to provide \$33,317,000 as proposed by the House instead of \$33,858,000 as proposed by the Senate.

GENERAL SERVICES ADMINISTRATION—GENERAL PROVISIONS

Section 401. The conferees agree to include a provision proposed by the House and the Senate which provides that accounts avail-

able to GSA shall be credited with certain funds received from government corporations.

Section 402. The conferees agree to include a provision proposed by the House and the Senate which provides that funds available to GSA shall be available for the hire of passenger motor vehicles.

Section 403. The conferees agree to include a provision proposed by the House and the Senate which authorizes GSA to transfer funds within the Federal Buildings Fund to meet program requirements subject to approval by the Committees on Appropriations.

Section 404. The conferees agree to include a provision proposed by the House and the Senate which prohibits the use of funds to submit a fiscal year 2001 budget request for courthouse construction projects that do not meet design guide criteria, do not reflect the priorities of the Judicial Conference of the United States, and are not accompanied by a standardized courtroom utilization study.

Section 405. The conferees agree to include a provision proposed by the House and the Senate which provides that no funds may be used to increase the amount of occupiable square feet or provide cleaning services, security enhancements, or any other service usually provided to any agency which does not pay the requested rental rates.

Section 406. The conferees agree to include a provision proposed by the House and the Senate which provides that funds provided by the Information Technology Fund for pilot information technology projects may be repaid to the Fund.

Section 407. The conferees agree to include a provision proposed by the House and the Senate which permits GSA to pay claims of up to \$250,000 arising from construction projects and the acquisition of buildings.

Section 408. The conferees agree to include a provision proposed by the House and the Senate which provides that funds made available for new construction projects in Public Law 104-208 shall remain available until expended so long as funds for design or other funds have been obligated in whole or in part prior to September 30, 1999.

Section 409. The conferees agree to include a provision proposed by the Senate designating the Federal Building located at 220 East Rosser Avenue in Bismarck, North Dakota, as the "William L. Guy Federal Building, Post Office and United States Courthouse". The House bill contained no similar provision.

Section 410. The conferees agree to modify a provision proposed by the Senate which directs the General Services Administration (GSA) to sell to the Columbia Hospital for Women vacant property at its GSA-appraised market value provided that until the federal government has received all payments towards the \$14,000,000 purchase price, plus any accrued interest, Columbia's use of the property shall be limited to its hospital, medical and health care services and related uses (such as employee parking and employee child care), including but not limited to the expansion of its existing facilities, unless otherwise approved by the Administrator of GSA.

Section 411. The conferees agree to include a new provision authorizing the Administrator of General Services to offer voluntary separation incentives in order to provide the necessary flexibility to carry out the closing of the Federal Supply Service distribution centers, forward supply points, and associated programs.

The conferees agree to delete a provision proposed by the Senate reducing the funds available for rental of space and building operations. The House bill contained no similar provision.

The conferees agree to delete a provision proposed by the Senate which provides that

funds made available to any department or agency which is a member of the Joint Financial Management Improvement Program (JFMIP) may be used to finance an appropriate share of JFMIP salaries and administrative costs. This matter has been addressed in Title VI.—

The conferees agree to delete a provision proposed by the Senate which provides that the Administrator of General Services may provide from government-wide credit card rebates in support of the JFMIP as approved by the Chief Financial Officers Council. This matter has been addressed in Title VI.

MERIT SYSTEMS PROTECTION BOARD SALARIES AND EXPENSES

The conferees agree to provide \$27,586,000 as proposed by the House instead of \$27,422,000 as proposed by the Senate.

FEDERAL PAYMENT TO THE MORRIS K. UDALL SCHOLARSHIP AND EXCELLENCE IN NATIONAL ENVIRONMENTAL POLICY FOUNDATION—

The conferees agree to provide \$2,000,000 instead of \$1,000,000 as proposed by the House and no appropriation as proposed by the Senate.

ENVIRONMENTAL DISPUTE RESOLUTION FUND—

The conferees agree to provide \$1,250,000 as proposed by the House instead of no appropriation as proposed by the Senate.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

OPERATING EXPENSES—

The conferees agree to provide \$180,398,000 as proposed by the House instead of \$179,738,000 as proposed by the Senate.

VETERANS' RECORDS—

The conferees are pleased with the progress the National Archives and Records Administration is making in its efforts to improve its ability to respond to requests for veterans' records. The conferees are aware that the Archivist has testified that no additional resources are needed in fiscal year 2000 above the amount included in the budget request for this program. Therefore, the conferees have provided \$1,790,000 for this effort, the same as the budget request. However, the conferees urge the Archives to expedite the completion of this very important program to the greatest extent possible.

REPAIRS AND RESTORATION—

The conferees agree to provide \$22,418,000 instead of \$13,518,000 as proposed by the House and \$21,518,000 as proposed by the Senate. The amount provided includes \$900,000 for design and the preparation of an environmental impact statement for a National Archives facility in Anchorage, Alaska. The conferees also have agreed to provide \$8,000,000 for the repair, alteration, and improvement of the Ronald Reagan Presidential Library and Museum in Simi Valley, California, as proposed by the Senate. The conferees direct the National Archives and Records Administration to submit to the Committees on Appropriations a plan for expenditure prior to the obligation of these funds.

NATIONAL HISTORICAL PUBLICATIONS AND RECORDS COMMISSION GRANTS PROGRAM—

The conferees agree to provide \$6,250,000 as proposed by the Senate instead of \$6,000,000 as proposed by the House. The amount provided includes \$250,000 for a grant for research and the cataloging of records at the Fort Buford Historic Site in North Dakota.

GRANT TO CENTER FOR JEWISH HISTORY—

The conferees have agreed to rescind \$2,000,000 of the funds provided in fiscal year 1999 for the Center for Jewish History instead of \$4,000,000 as proposed by the House

and \$3,800,000 as proposed by the Senate. The conferees have taken this action because of the commitment made last year to provide funding for this project. However, as the conferees on the fiscal year 1999 Treasury and General Government Appropriations Act pointed out, a single grant of this size is far beyond the scope of activities normally undertaken by the National Historical Publications and Records Commission. Therefore, the conferees agree that this grant should not be viewed as a precedent for future grants under this program. In addition, the conferees direct the National Archives and Records Administration to submit to the Committees on Appropriations a plan for expenditure of the funds prior to the award of the grant to the Center for Jewish History.

OFFICE OF GOVERNMENT ETHICS

SALARIES AND EXPENSES—

The conferees agree to provide \$9,114,000 as proposed by the House instead of \$9,071,000 as proposed by the Senate.

OFFICE OF PERSONNEL MANAGEMENT

SALARIES AND EXPENSES—

The conferees agree to provide \$90,584,000 as proposed by the House instead of \$91,584,000 as proposed by the Senate.

CHILD CARE IN FEDERAL FACILITIES

The conferees have included and modified a House provision (Section 643) authorizing the use of funds for child care in federal facilities. Specifically, the conferees agree to make the provision effective for one year only, require that agencies using funds for the purposes of Section 643 notify the Committees on Appropriations prior to the obligation of any funds, and make the provision effective only upon promulgation of regulations by the Office of Personnel Management (OPM). Additionally, the conferees agree that these regulations shall only address the use of appropriated funds to provide child care services and improve the affordability of child care for lower income federal employees.

The conferees direct OPM to report to the Committees on the implementation and use of Section 634 by federal agencies. At minimum, the report shall include the total cost of implementing Section 643, the total number of children being cared for, and the total number of federal employee dependent children being cared for by agencies using this authority. This report shall be submitted no later than September 1, 2000.

OFFICE OF SPECIAL COUNSEL

SALARIES AND EXPENSES —

The conferees agree to provide \$9,740,000 as proposed by the House instead of \$9,689,000 as proposed by the Senate.

CASELOADS—

The conferees are concerned about the number of backlogged cases at the Office of Special Counsel (OSC). The conferees direct OSC to report back within 90 days after enactment of this Act, on the number of cases pending that have exceeded the statutory time requirements, including requirements for referral. The report should include the length of time overdue, the reason for the delay, and the type of notification given to claimants when statutory time frames are not met. The data provided in the report should be presented in a manner that protects confidentiality of cases and does not identify individuals represented by the OSC.

UNITED STATES TAX COURT

SALARIES AND EXPENSES—

The conferees agree to provide \$35,179,000 instead of \$36,489,000 as proposed by the House and \$34,179,000 as proposed by the Senate.
